

HLTCPR201A - Perform CPR (Cardio Pulmonary Resuscitation)

Brief outline of training:

This training consists of dealing with legal issues, infection control, DRABCD Action Plan, managing the unconscious casualty, resuscitation; defibrillation information and choking. The course covers the skills and knowledge required to perform CPR in line with the Australian Resuscitation Council (ARC) Guidelines.

Who should attend this course:

Homeowners with a swimming pool on their property (or anywhere in the general vicinity)
Power / electrical workers
Shopping centre and / or general security personnel
Event (small or larger) staff
Industry employees (all industry) and the general public

Pre-/Co-requisites:

There are NO pre-requisites or co-requisites for this competency unit. Students must be 14 years or older. Students under 14 years must provide written permission to attend the course from their parent or guardian.

Recognition of prior learning:

As per the Australian Resuscitation Council guidelines it recommended that the HLTCPR201A Perform CPR unit be completed every 12 months, therefore RPL would not apply.

Assessment:

Practical and written, Practical comprising of a scenario with an observation checklist used by the assessor. Competence may be demonstrated working either individually, under supervision or as part of a First Aid Team. Assessment will take place in simulated conditions that replicate first aid situations as realistically as possible. Participants will be given scenarios and where necessary this will include first aid equipment and resuscitation manikins.

Important information:

The practical assessment portion of this course is physically demanding and requires actual resuscitation practices to be performed. Please advise if you may have difficulties with this.
